10. In the space below, briefly describe your experience, qualifications, special areas of expertise, and any other reasons why you should be selected as a neutral.

My qualifications as a neutral have been developed in my 12 years of practice as an attorney. The first two plus years of my practice I spent as a litigator handling all types of matters within the jurisdiction of the state Associate Circuit Courts and assisting on larger litigation files. Thereafter, I have practiced as a business attorney representing individuals and organizations in various aspects of the operation of their businesses. This experience includes negotiating and drafting all different types of legal documents, to the satisfaction of primarily my client, but secondarily, any other parties of interest to the contracts. This practice has enabled me to analyze and determine parties' interests and to offer advice and/or information on how to achieve those interests. It has sharpened my ability to communicate my thoughts, and listen to and understand others. These qualities in particular are crucial in the selection of a good neutral.
