10. In the space below, briefly describe your experience, qualifications, special areas of expertise, and any other reasons why you should be selected as a neutral.

I have been a trial and appellate lawyer for almost forty years. During that time, I have tried many cases, settled even more, and have been involved in a number of mediations. Because of this experience, I think I have gained some insight into why some cases settle and others do not, how to critically evaluate the relative merits of conflicting legal positions, and what needs to be done in order to achieve a reasonable compromise. I am applying to be a neutral in order to put that experience and knowledge to work helping to settle cases in this Circuit.

My professional credentials as a lawyer are set forth in the attached biography.

My areas of expertise include admiralty and maritime law, insurance, property and personal injury torts, and contract disputes generally.
