10. In the space below, briefly describe your experience, qualifications, special areas of expertise, and any other reasons why you should be selected as a neutral.

I have practiced law since 1981 and my career has been primarily negotiating complex transactional agreements for difficult clients against tough opponents. The skills in bringing two sides together to reach a lasting agreement I believe translates well into the mediation setting. I have great patience and an ability to get people to work together. The transactions I have worked on have large and small monetary value, but to the parties engaged in either type of transaction, the resolution is very important.
