- 10. **In the space below, briefly describe your experience, qualifications, special areas of expertise, and other reasons why you should be selected a neutral.**

I am a first year law student at Washington University School of Law, and have completed the required training for a mediator, as required by the Missouri Bar. At this time, my experience with the law is limited. However, this means that I have no preconceived notions about how a case "should" turn out. As a mediator, my purpose is to assist the people involved to reach their own conclusion about how their conflict will be resolved, not tell them how they should resolve it.
