I have extensive training and experience in mediation, collaborative law, and litigation. Mediation and collaborative law are settlement-focused and should be primary considerations for parties in family law disputes. I believe the combination of a law degree and a master's degree in child development give me a unique perspective in family cases, particularly custody cases. I believe that parenting plans should be carefully crafted for the particular family's circumstances and not "off the shelf." Mediation should also be tailored to the couple's needs. I welcome attorneys to participate in the mediation if requested. I have the expertise to assist with complex financial issues, including business valuations and maintenance. I am a past chair of the Missouri Bar Family Law Section, a founding member of the St. Louis Collaborative Family Law Association, and a member of the American Academy of Matrimonial Lawyers (AAML), a national organization that promotes the highest degree of professionalism and ethics in the practice of family law. For over 25 years my practice has focused almost exclusively in the area of family law. I most recently served as the managing attorney in the department of a non-profit serving low income individuals. I have also served as a St. Louis County Municipal Court judge since 1993. In addition to representing parents and guardians in dissolution, custody, support, orders of protection and gudianship matters, I have represented many children as a GAL in domestic and child order of protection cases. I have extensive trial experience and have also facilitated settlement of multiple cases without trial. I believe that mediation and thoughtfully drafted separation agreements and parenting plans are tremendously beneficial to families and can help them avoid the stess and expense of trial.

Since 2025 my practice has focused almost exclusively on mediation and I have mediated approximately 20 cases, most of which have resulted in a succesful outcome for the parties.

I will consider reduced fees for low income families.

Divorce and separation is stressful and partners may need consider many changes and decisions for each of them and their family. Mediation allows parents and spouses to work together to find solutions that consider the needs of both parties and their children. It also allows the parties to have more input and control of the decisions to be made.

I have been an attorney for 35 years and a mediator for more than 25 years. I am also a Certified Public Accountant. So, I know it is important to help parties understand and discuss the issues; anticipate and plan for changes; consider how changes will affect them; and address any complex financial or tax issues. I also look for ways to add value with my services using financial planning tools when appropriate. I offer a 1/2-hour free orientation, by appointment, to help you prepare for the process. I offer some weekend and evening hours and we can mediate in-person and on-line mediation. As a mediator, I draw on my in-depth knowledge of divorce and custody law to help families find constructive, personalized solutions. Mediation provides an opportunity to resolve disputes outside the courtroom in a way that promotes cooperation and reduces stress----an approach I strongly believe benefits divorcing couples, parents, and children alike.

Whether guiding couples through financial negotiations, helping parents develop effective co-parenting plans, or resolving difficult custody issues, my goal is to create a mediation process that is both solution-focused and supportive. I am an attorney licensed in Missouri and Illinois. My practice includes family law in Missouri and Illinois, and general civil law cases throughout Illinois. As an experienced civil litigator, my practice includes arbitration and mediation that is either voluntary or court-ordered. I began my career in family law doing "court-annexed" mediations through the St. Charles County Courts. I understand trial can be harmful to children, and promotes ongoing conflict between the parents. My approach to mediation is informed by my trial experience and by my education and experience as a mediator.
